FOR FACE

FOR BODY

Atopic Eczema is a Relapsing Condition that Requires A Good Skincare Regime Approach

Skin barrier defects lead to the itch-scratch cycle¹

There are Three Main Approaches to Control Atopic Eczema through Skin Care

- 1 Break the itch-scratch cycle^{1,5} 
- 2 Gently cleanse⁶ 
- 3 Moisturise to restore skin barrier⁷ 

CETAPHIL® PRO

Eczema Prone Skin range for Face and Body

Break the Itch-Scratch Cycle

Restore the Skin Barrier
FACE MOISTURIZING CREAM

- 24h skin barrier protection with single application⁸
- Reduces itching and skin irritability in 1 month^{9*}
- 1 month protection from skin irritation occurrence^{9†}

Gently Cleanse
FACE CLEANSING FOAM

- Effectively cleanses the skin while preventing it from drying out and relieving irritation¹⁰
- Immediate, sustained and long-lasting hydration for 8 hours¹¹
- Soap-free formula that does not irritate the eyes¹²

Soothes and Calms Dry, Itchy Skin
BODY MOISTURIZING FOAM

- Relief from itch and dryness¹³
- Strengthens the skin barrier¹³
- Sustained soothing and calming effect¹⁴
